Sam Houston State University  
Huntsville, TX 77341-2447

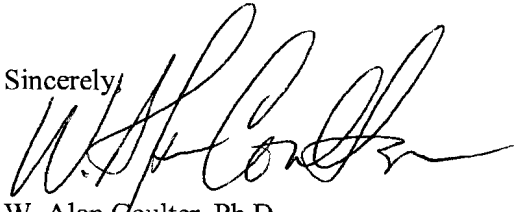

Dear Dr. Miller,

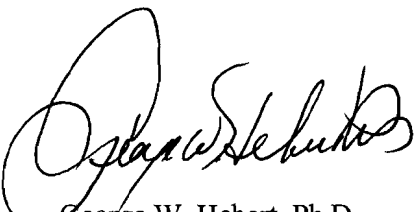

The Louisiana School Psychology Internship Consortium (LAS\*PIC), an APA accredited internship, is currently recruiting interns for the 2008-09 academic year. We invite applications from students who have completed their graduate coursework in school psychology and are prepared for internship. During the past 17 years, LAS\*PIC has provided an authentic, school-based training experience for more than 150 interns. These alumni form a strong network throughout the country supporting the continuous improvement of our profession and its promising contributions.

The Louisiana School Psychology Internship Program (LAS\*PIC) is a joint venture between the Human Development Center (HDC) of the Louisiana State University Health Sciences Center (LSUHSC), the Louisiana State Department of Education (SDE) and local educational agencies (LEAs). LAS\*PIC ([www.hdc.lsuhscc.edu](http://www.hdc.lsuhscc.edu)) is dedicated to providing vital experiences to help the intern become successful in their chosen profession. Utilizing both school-based and professional supervisors, the internship provides students with intensive supervision and comprehensive regular and special education program experiences with children across the age span. LAS\*PIC's contributions to local communities and to the state professional organization are widely recognized and create a tradition of service and continuous professional development.

The Louisiana School Psychology Internship Program (LAS\*PIC) realizes that activities during an internship can shape the direction of a professional career and support a successful entry into specialization within the profession. Our internship program provides an authentic experience in the practice of school psychology in the public schools – urban, suburban, & rural – of New Orleans and the surrounding areas.

If any of your students are interested in applying for this internship experience, please have them visit our website (<http://www.hdc.lsuhscc.edu/New%20Site%20Location/SA/LASPIC/laspic.htm>) or contact LAS\*PIC's coordinator, Dr. George W. Hebert at [gheber@lsuhsc.edu](mailto:gheber@lsuhsc.edu).

Sincerely,  
  
W. Alan Coulter, Ph.D.  
LAS\*PIC Training Director

  
George W. Hebert, Ph.D.  
LAS\*PIC Internship Coordinator
